## REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors of  
Al Dhafra Insurance Company P.S.C.  
Abu Dhabi, UAE

### *Introduction*

We have reviewed the accompanying condensed statement of financial position of Al Dhafra Insurance Company P.S.C. (the "Company") as of 30 September 2013 and the related condensed statements of income, comprehensive income, changes in equity and cash flows for the nine-month period then ended. Management of the Company is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard IAS 34, "*Interim Financial Reporting (IAS 34)*". Our responsibility is to express a conclusion on this interim financial information based on our review.

### *Scope of review*

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

**2 Application of new and revised International Financial Reporting Standards (IFRSs)**

**2.1 New and revised IFRSs applied with no material effect on the financial statements**

The following new and revised IFRSs have been adopted in these condensed financial statements. The application of these new and revised IFRSs has not had any material impact on the amounts reported for the current period but may affect the accounting for future transactions or arrangements.

<b>New and revised IFRSs</b>	<b>Summary of requirement</b>
IAS 19 <i>Employee Benefits</i> (as revised in 2011)	IAS19 includes a number of amendments to the accounting for defined benefit plans, including actuarial gains and losses that are now recognised in other comprehensive income (OCI) and permanently excluded from profit and loss; expected returns on plan assets that are no longer recognised in profit or loss, instead, there is a requirement to recognise interest on the net defined benefit liability (asset) in profit or loss, calculated using the discount rate used to measure the defined benefit obligation, and; unvested past service costs are now recognised in profit or loss at the earlier of when the amendment occurs or when the related restructuring or termination costs are recognised.
IAS 27 <i>Separate Financial Statements</i> (as revised in 2011)	<p>The Standard requires that when an entity prepares separate financial statements, investments in subsidiaries, associates, and jointly controlled entities are accounted for either at cost, or in accordance with IAS 39 <i>Financial Instruments: Recognition and Measurement</i>.</p> <p>The Standard also deals with the recognition of dividends, certain group reorganisations and includes a number of disclosure requirements.</p>

**Notes to the condensed financial statements  
for the period ended 30 September 2013 (continued)**

**2 Application of new and revised International Financial Reporting Standards (IFRSs)  
(continued)**

**2.1 New and revised IFRSs applied with no material effect on the financial statements  
(continued)**

New and revised IFRSs	Summary of requirement
IAS 28 <i>Investments in Associates and Joint Ventures</i> (as revised in 2011)	<p>This standard prescribes the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures.</p> <p>The Standard defines 'significant influence' and provides guidance on how the equity method of accounting is to be applied (including exemptions from applying the equity method in some cases). It also prescribes how investments in associates and joint ventures should be tested for impairment.</p>
<p>Amendments to IFRS 1 <i>First-time Adoption of International Financial Reporting Standards</i> relating to accounting for government loans at below market interest rate</p>	<p>Amends IFRS 1 <i>First-time Adoption of International Financial Reporting Standards</i> to address how a first-time adopter would account for a government loan with a below-market rate of interest when transitioning to IFRSs. The amendments mirror the requirements for existing IFRS preparers in relation to the application of amendments made to IAS 20 <i>Accounting for Government Grants</i> and Disclosure of Government Assistance in relation to accounting for government loans.</p>
<p>Amendments to IFRS 7 <i>Financial Instruments: Disclosures</i> relating to offsetting financial assets and liabilities</p>	<p>Amends the disclosure requirements in IFRS 7 <i>Financial Instruments: Disclosures</i> to require information about all recognised financial instruments that are set off in accordance with paragraph 42 of IAS 32 <i>Financial Instruments: Presentation</i>.</p>
<p>IFRS 10 <i>Consolidated Financial Statements</i></p>	<p>The Standard identifies the principles of control, determines how to identify whether an investor controls an investee and therefore must consolidate the investee, and sets out the principles for the preparation of consolidated financial statements.</p> <p>The Standard introduces a single consolidation model for all entities based on control, irrespective of the nature of the investee (i.e. whether an entity is controlled through voting rights of investors or through other contractual arrangements as is common in 'special purpose entities').</p>
<p>IFRS 11 <i>Joint Arrangements</i></p>	<p>Replaces IAS 31 <i>Interests in Joint Ventures</i>. Requires a party to a joint arrangement to determine the type of joint arrangement in which it is involved by assessing its rights and obligations and then account for those rights and obligations in accordance with that type of joint arrangement.</p>

**Notes to the condensed financial statements  
for the period ended 30 September 2013 (continued)**

**2 Application of new and revised International Financial Reporting Standards (IFRSs)  
(continued)**

**2.1 New and revised IFRSs applied with no material effect on the financial statements  
(continued)**

New and revised IFRSs	Summary of requirement
<i>IFRS 12 Disclosure of Interests in Other Entities</i>	Requires the extensive disclosure of information that enables users of financial statements to evaluate the nature of, and risks associated with, interests in other entities and the effects of those interests on its financial position, financial performance and cash flows.
<i>IFRS 13 Fair Value Measurement</i>	<p>IFRS 13 applies when another IFRS requires or permits fair value measurements or disclosures about fair value measurements (and measurements, such as fair value less costs to sell, based on fair value or disclosures about those measurements). With some exceptions, the standard requires entities to classify these measurements into a 'fair value hierarchy' based on the nature of the inputs, Level 1 - quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date, Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, Level 3 - unobservable inputs for the asset or liability.</p> <p>Entities are required to make various disclosures depending upon the nature of the fair value measurement (e.g. whether it is recognised in the financial statements or merely disclosed) and the level in which it is classified.</p>
Annual Improvements 2009 – 2011 Cycle covering amendments to IFRS 1, IAS 1, IAS 16, IAS 32 and IAS 34	Makes amendments to the following standards: IFRS 1 — Permit the repeated application of IFRS 1, borrowing costs on certain qualifying assets, IAS 1 — Clarification of the requirements for comparative information, IAS 16 — Classification of servicing equipment, IAS 32 — Clarify that tax effect of a distribution to holders of equity instruments should be accounted for in accordance with IAS 12 Income Taxes, IAS 34 — Clarify interim reporting of segment information for total assets in order to enhance consistency with the requirements in IFRS 8 <i>Operating Segments</i>
<i>IFRIC 20 Stripping Costs in the Production Phase of a Surface Mine</i>	Clarifies the requirements for accounting for stripping costs associated with waste removal in surface mining, including when production stripping costs should be recognised as an asset, how the asset is initially recognised, and subsequent measurement.

**Notes to the condensed financial statements  
for the period ended 30 September 2013 (continued)**

**2 Application of new and revised International Financial Reporting Standards (IFRSs)  
(continued)**

**2.1 New and revised IFRSs applied with no material effect on the financial statements  
(continued)**

<b>New and revised IFRSs</b>	<b>Summary of requirement</b>
Amendments to IAS 1 <i>Presentation of Financial Statements</i>	The amendments require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

**2.2 New and revised International Financial Reporting Standards (IFRSs) in issue but not yet effective**

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

<b><u>New and revised IFRSs</u></b>	<b><u>Effective for annual periods beginning on or after</u></b>
Amendments to IAS 32 <i>Financial Instruments: Presentation</i> relating to offsetting financial assets and financial liabilities	1 January 2014
Amendments to IFRS 10 <i>Consolidated Financial Statements</i> , IFRS 12 <i>Disclosure of Interests in Other Entities</i> and IAS 27 <i>Separate Financial Statements</i> relating to investment entities and exemption of consolidation of particular subsidiaries.	1 January 2014
Amendments to IAS 39 <i>Financial instruments – Recognition and Measurement</i> relating to for novations of derivatives and continuation of hedge accounting	1 January 2014
Amendment to IAS 36 <i>Impairment of Assets</i> relating to recoverable amount disclosures for non-financial assets	1 January 2014
IFRIC 21 <i>Levies</i>	1 January 2014

Management anticipates that the adoption of these IFRSs in future period will have no material impact on the financial statements of the Company in the period of initial application.

**3 Summary of significant accounting policies**

**3.1 Basis of preparation**

The condensed financial statements are prepared in accordance with International Accounting Standard (IAS) No. 34, "*Interim Financial Reporting*" issued by the International Accounting Standard Board and also comply with the applicable requirements of the laws in the U.A.E.

The condensed financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Company's transactions are denominated.

The condensed financial statements have been prepared on the historical cost basis, except for the measurement at fair value of certain financial instruments and revaluation of investment properties.

The accounting policies and methods used in the preparation of these condensed financial statements are consistent with those used in the audited annual financial statements for the year ended 31 December 2012, except for the adoption of new standards and interpretations effective 1 January 2013.

As required by the Securities and Commodities Authority ("SCA") notification dated 12 October 2008, accounting policies related to investment properties and financial instruments as disclosed in the annual financial statements have been disclosed in paragraph 3.2 to 3.3 below.

**3.2 Investment properties**

Investment properties, which are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes), are measured initially at its cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

**3.3 Investment in securities**

**3.3.1 Investments at amortised cost**

Debt instruments are measured at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs (except if they are designated as at FVTPL – see note 3.3.2 below). They are subsequently measured at amortised cost using the effective interest method less any impairment.

Subsequent to initial recognition, the Company is required to reclassify debt instruments from amortised cost to FVTPL if the objective of the business model changes so that the amortised cost criteria are no longer met.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Notes to the condensed financial statements  
for the period ended 30 September 2013 (continued)**

**3 Summary of significant accounting policies**

**3.3 Investment in securities**

**3.3.2 Investments at fair value through profit and loss (FVTPL)**

Debt instrument financial assets that do not meet the amortised cost criteria described in note 3.3.1, or that meet the criteria but the entity has chosen to designate as at FVTPL at initial recognition, are measured at FVTPL. The Company has not designated a debt instrument financial asset as at FVTPL.

Subsequent to initial recognition, the Company is required to reclassify debt instruments from FVTPL to amortised cost if the objective of the business model changes so that the amortised cost criteria starts to be met and the instrument's contractual cash flows meet the amortised cost criteria. Reclassification of debt instruments designated as at FVTPL at initial recognition is not permitted.

Investments in equity instruments are mandatorily classified as at FVTPL, unless the Company designates an investment that is not held for trading as at fair value through other comprehensive income (FVTOCI) at initial recognition as described in note 3.3.3 below.

Financial assets at FVTPL are measured at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss is included in the 'net investment and other income' line item in the profit and loss. Fair value is determined with reference to quoted prices.

**3.3.3 Financial assets at fair value through other comprehensive income (FVTOCI)**

At initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investments revaluation reserve. Where the asset is disposed of, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is reclassified to retained earnings.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established in accordance with IAS 18 *Revenue*, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends earned are recognised in profit or loss and are included in the 'net investment and other income' line item in the profit and loss.

**4 Estimates**

The preparation of these condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed financial statements, the significant judgments made by management in applying the Company's accounting policies, and the key sources of estimates uncertainty were the same as those were applied to the financial statements as at and for the year ended 31 December 2012.

**5 Investment properties**

	<b>Land AED</b>	<b>Abu Dhabi building AED</b>	<b>Al Ain building AED</b>	<b>Total AED</b>
Fair values as at 1 January 2012 and 30 September 2013 (unaudited)	52,935,000	24,500,000	4,565,000	<b>82,000,000</b>

Management has considered recent prices for similar properties in the same location and similar condition and also the prevailing situation of real estate properties in UAE and considered the valuation report from Technical and Loss Adjusting Services LLC who have determined the fair values of the land and buildings to be AED 82,000,000, as at 31 December 2012. Management believes that there has been no change to the key assumptions used and accordingly, there is no change in the fair value of the investment properties as at 30 September 2013.

The plots of land in Abu Dhabi and Al Ain on which investment properties are constructed were awarded to the Company free of cost by the Executive Council of the Government of Abu Dhabi on 21 June 1981 and 27 August 1983, respectively. The fair values of the plots of land in Abu Dhabi and Al Ain as at 31 December 2012 amounted to AED 45,000,000 and AED 7,935,000, respectively.

The construction of the Abu Dhabi head office building was completed during 1992. The Company occupies three floors of the building for its Head Office with the remaining fourteen floors available for letting to third parties.

The construction of the Al Ain office building was completed in 1993. The Company is utilising the first and mezzanine floors for housing its Al Ain Branch office with the remaining space available for letting to third parties.

**6 Intangible assets**

Intangible assets primarily represent the cost of insurance computer system software purchased and additional costs incurred in the upgrading of the existing computer software system. These are amortized over useful lives of 6 years. During the period, an amount of AED 1,228,349 was transferred from property and equipment to intangible assets, representing the cost of the new insurance software.

**21 Seasonality of results**

No income of seasonal nature was recorded in the statement of income for the nine-month period ended 30 September 2013 and 2012.

**22 Fair value of financial assets and liabilities**

Management considers that the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the financial statements approximate their fair values.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value into Levels 1 to 3 based on the degree to which the fair value is observable.

- **Level 1** – fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2** – fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- **Level 3** – fair value measurement are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).
