## **INTERIM CONDENSED FINANCIAL STATEMENTS**

**30 JUNE 2019 (UNAUDITED)**

## **REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS**

### **TO THE BOARD OF DIRECTORS OF AL DHAFRA NATIONAL INSURANCE COMPANY P.S.C**

#### *Introduction*

We have reviewed the accompanying interim condensed financial statements of Al Dhafra Insurance Company P.S.C (the "Company") as at 30 June 2019, comprising of the interim statement of financial position as at 30 June 2019 and the related interim statements of income and comprehensive income for the three-month and six-month periods then ended and the related interim statements of changes in equity and cash flows for the six-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

#### *Scope of review*

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

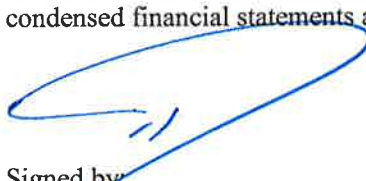

#### *Other matter*

The interim condensed financial statements of the Company for the six-month period ended 30 June 2018 were reviewed by another auditor who expressed an unmodified conclusion on these interim condensed financial statements on 12 August 2018.

The financial statements for the year ended 31 December 2018 were audited by another auditor who expressed an unmodified opinion on those financial statements on 14 February 2019.

#### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

30 June 2019 (unaudited)

**1 GENERAL INFORMATION**

Al Dhafra Insurance Company P.S.C. (the "Company"), is a public shareholding company incorporated in Abu Dhabi by Emiri Decree No. 8 of 1979.

The Company's ordinary shares are listed on the Abu Dhabi Securities Exchange.

The Company is engaged in insurance and reinsurance of all classes of business with the exception of endowments and annuities. The Company is domiciled in the United Arab Emirates and its registered office address is P.O. Box 319, Abu Dhabi, United Arab Emirates.

The accompanying interim condensed financial statements of the Company for the period ended 30 June 2019 have been authorised for issuance in accordance with a resolution of the Board of Directors on 6 August 2019.

**2 BASIS OF PREPARATION**

**Statement of compliance**

These interim condensed financial statements are prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting".

The interim condensed financial statements do not contain all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at 31 December 2018. In addition, the results for the six-months ended 30 June 2019 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019.

The interim condensed financial statements have been prepared on the historical cost basis except for the investments carried at fair value through profit or loss, investments carried at fair value through other comprehensive income and investment properties, which have been measured at fair value.

The interim condensed financial statements are presented in United Arab Emirates Dirhams ("AED"), being the functional and presentation currency of the Company.

**Use of estimates and judgement**

The preparation of these interim condensed financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that were applied to the financial statements as at and for the year ended 31 December 2018.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

30 June 2019 (unaudited)

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed financial statements are the same as those applied by the Company in its financial statements as at and for the year ended 31 December 2018, except for the adoption of the following new standards, interpretations and amendments effective as of 1 January 2019. The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

- IFRS 16 Leases
- IFRIC Interpretation 23 Uncertainty over Income Tax Treatments
- Amendments to IFRS 9 Prepayment Features with Negative Compensation
- Amendments to IAS 19 Plan Amendment, Curtailment or Settlement
- Amendments to IAS 28 Long-term Interests in Associates and Joint Ventures

*Annual improvements 2015-2017 cycle*

- IFRS 3 Business Combinations
- IFRS 11 Joint Arrangements
- IAS 12 Income Taxes
- IAS 23 Borrowing Costs

The Company applies, for the first time, IFRS 16 Leases. As required by IAS 34, the nature and effect of these changes are disclosed below. The other amendments and interpretations apply for the first time in 2019, but do not have an impact on the interim condensed financial statements of the Company.

**Impact on adoption of IFRS 16**

The Company adopted IFRS 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Company elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying IAS 17 and IFRIC 4 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

The effect of adoption IFRS 16 as at 1 January 2019 is as follows:

	<i>AED</i>
<b>Assets</b>	
Right-of-use assets	9,599,670
Prepayments	<u>(498,174)</u>
<b>Total assets</b>	<b><u>9,101,496</u></b>
<b>Liabilities</b>	
Lease liabilities	<u>9,101,496</u>
<b>Total liabilities</b>	<b><u>9,101,496</u></b>
<b>Total adjustment on equity:</b>	
Retained earnings	-
Non-controlling interests	<u>-</u>
	<u><u>-</u></u>

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

30 June 2019 (unaudited)

**3 SIGNIFICANT ACCOUNTING POLICIES** continued

**Nature of the effect of adoption of IFRS 16**

The Company has various lease contracts, where prior to the adoption of IFRS 16, the Company classified each of its leases (as lessee) at the inception date as an operating lease. The leased asset was not capitalised and the lease payments were recognised as rent expense in profit or loss on a straight-line basis over the lease term. Any prepaid rent and accrued rent were recognised under 'trade and other receivables' and 'trade and other payables' respectively. Upon adoption of IFRS 16, the Company applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The standard provides specific transition requirements and practical expedients, which has been applied by the Company.

The Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Company also applied the available practical expedients wherein it:

- Relied on its assessment of whether leases are onerous immediately before the date of initial application;
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application;
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application; and
- Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The lease liabilities as at 1 January 2019 can be reconciled to the operating lease commitments as of 31 December 2018 as follows:

<b>Operating lease commitments as at 31 December 2018 (AED)</b>	<b>10,744,414</b>
Incremental borrowing rate as at 1 January 2019	5%
Discounted operating lease commitments at 1 January 2019 (AED)	<b>9,101,496</b>
Adjustment of commitments relating to leases of low value assets (AED)	<u>-</u>
<b>Lease liabilities as at 1 January 2019 (AED)</b>	<b><u>9,101,496</u></b>

**Summary of new accounting policies**

Set out below are the new accounting policies of the Company upon adoption of IFRS 16, which have been applied from the date of initial application:

*Right-of-use assets*

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

3 SIGNIFICANT ACCOUNTING POLICIES continued

Summary of new accounting policies continued

Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Significant judgement in determining the lease term of contracts with renewal options

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

Amounts recognised in the interim statement of financial position and statement of income

Set out below, are the carrying amounts of the Company's right-of-use asset and lease liabilities and the movements during the period:

	<i>Right-of-use (office units) AED</i>	<i>Lease liabilities AED</i>
<b>As at 1 January 2019</b>	<b>9,599,670</b>	<b>9,101,496</b>

15 SEGMENT REPORTING

15.1 Segment revenue and results

The Company has two reportable segments, as described below, which are the Company's strategic business units. The strategic business units are managed separately because they require different approach, technology and marketing strategies. For each of the strategic business units, the Chief Operating Decision Maker reviews internal management reports on at least a quarterly basis.

The following summary describes the two main business segments:

- Underwriting of general insurance business - incorporating all classes of general insurance such as fire, marine, motor, medical, general accident and miscellaneous.
- Investments - incorporating investments in marketable equity securities and investment funds, development bonds, term deposits with banks and investment properties and other securities.

Information regarding the Company's reportable segments is presented below:
