Introduction

We have reviewed the accompanying condensed interim statement of financial position of Al Dhafra Insurance Company P.S.C. (the "Company") as at 30 June 2021 and the related condensed interim statements of income, changes in equity and cash flows for the six-month period then ended, and other explanatory notes. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 ("IAS 34") Interim Financial Reporting. Our responsibility is to express a conclusion on the condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34 Interim Financial Reporting.

The condensed interim financial information is prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting".

The condensed interim financial information does not contain all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at 31 December 2020. In addition, the results for the six-month period ended 30 June 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.
